#### **Technical Skills**

Languages: HTML5 | CSS3 (+ SCSS, BEM) | JavaScript ES6+Frameworks: React (+ hooks) | Next.js | Material-UI | Redux

Technology: NPM | Git | Yarn | React dev tools | Firebase v9 | GitHub

#### **Education**

#### **Frontend Developer Bootcamp**

May 2022 - Jun 2022

Frontend Simplified

# **Experience**

## Frontend Developer Internship | Certificate

Jun 2022 – Nov 2022

Frontend Simplified

- Transformed a completely static HTML, CSS, JavaScript and React single page application into an interactive user interface using animations, transitions and carousels
- Processed API requests with Axios to dynamically represent data from a cloud server and represented it through skeleton loading states, pagination and dynamic routing
- Utilized Git version control and the GitHub interface to work and thrive in a virtual and collaborative team environment

# Frontend Developer Support

Jun 2022 - Current

Frontend Simplified

- Supported 1,000+ students using HTML, CSS, Flexbox, JavaScript and React best practises
- Utilized debugging best practises using Google Chrome inspect element tooling
- Simplified difficult programming concepts including responsive website development, CSS layout, Promises and API requests

# **Projects**

# Personal Website | Website | GitHub

- My personal website highlights my programming skills and contains the source code and website links for all
  my projects listed below.
- Implemented light and dark mode.

### Tesla Clone | Website | GitHub

- Implemented Redux to manage states on the website.
- Implemented reusable functional components to render my website on display.
- Used styled components to style the website.

#### React Chat Application System | Website | GitHub

- Implemented Google Sign-in user authentication using Firebase to display the user's email and password on the real-time Firestore database.
- Built using React, JavaScript, HTML and CSS(Tailwind) best practises.
- Implemented functionality to allow users to log in with different emails and send and delete on the messages tab.
